WORKING PAPER
18 October 1982

NOTE FOR: Director of Central Intelligence

FROM :
Chief, Arms Control Intelligence Staff

25X1

SUBJECT : Answers to Your Questions re Answers to Sen. Helms (U)

1. This note responds to your questions on the attached page (Tab R).
(U)

2. A copy of the report you requested is attached (Tab S).

3. With respect to your comment and question regarding Q&A #6 in the set of ACDA responses to Senator Helms, there clearly is a difference between the question (...does CIA receive all U.S.G. intelligence?...) and the answer (...the DCI coordinates all U.S.G. intelligence...). As far as I am able to tell, ACDA's answer was simply an innocently-intended compression of the appropriate language of E.O. 12333; namely, at section 1.6:

"(a) The heads of all Executive Branch departments and agencies shall, in accordance with law and relevant procedures approved by the Attorney General under this Order, give the Director of Central Intelligence access to all information relevant to the national intelligence needs of the United States, and shall give due consideration to the requests from the Director of Central Intelligence for appropriate support for Intelligence Community activities." (U)

4. In any case, the answer to be used in the printed version back to Senator Helms can read--for all practical purposes--as you see fit. Subject to your concurrence, I propose that this specific issue be answered as follows:

"Executive Order 12333 provides that the DCI, and CIA in effect, shall have access to all relevant intelligence data." (U)

5. As an aside, you might be interested in the reciprocal issue, i.e., giving other entities access to CIA intelligence. E.O. 12333, at section 1.5, states ~~that CIA shall~~:

"(r) In accordance with law and relevant procedures approved by the Attorney General under this Order, give the heads of the departments and agencies access to all intelligence, developed by the CIA or the staff elements of the Director of Central Intelligence, relevant to the national intelligence needs of

the departments and agencies;" (U)

6. OGC gave me support on the E.O. issues herein. (U)

7. If there is anything more I may do for you here, please call and let me know. (U)

NOTE FOR: Director of Central Intelligence

SUBJECT : Answers to Sen. Helms (U)

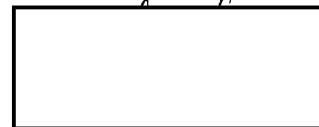

1. The attached draft correspondence (in its "final" form) is being sent to you because you wrote me a pencil note a few weeks ago that you "...look forward to seeing the responses to the Helms questions." Moreover, by virtue of the subject of this correspondence and the intended addressees, I think this is worth at least a few seconds of your time. (U)

2. You may have seen an earlier version of this set a few weeks ago. In the meantime, a few second-order changes have been made. From my standpoint, the current text is acceptable. The intelligence, or related, issues -- including verification -- are treated accurately. The Community's earlier changes have been handled satisfactorily. The DDI, C/NIC, et al, ok-ed an earlier version. I am reluctant to propose changes to ACDA on issues other than intelligence or verification, trusting that the SCC Working Group Chairman (from ACDA), the NSC, and the Department of State will cover any such issues as policy, format, completeness of presentation, and so on. (U)

3. Unless I hear otherwise at OOB 12 October, I intend to call ACDA and give the requested clearance on behalf of CIA and the DCI. (U)

4. If you desire that I ask for changes in any of these areas, or if there is anything else I may do for you here, please let me know and I will do my best. (U)
